## Table: Melbet bet types,

| Melbet bet types | |
| --- | --- |
| Single | A single bet covers one outcome of one sports event. A correct prediction produces a return calculated as stake multiplied by the betslip odds. |
| Accumulator | A combined sports bet can include several independent matches across disciplines. If any prediction loses, the whole accumulator loses. If every selection wins, the return is stake multiplied by the final betslip odds. |
| System | A system bet contains several separate accumulators and may include singles. One losing accumulator does not make the entire system bet a loss. |
