Galaxsys Challenge and the original Tower Rush

Tower Rush is explicitly shown among the tournament games. The total counter is 17 games; the visible subset is BlackJack, RouletteX, Gangsta Piggy: Hold and Win, Rise Of Frogs: Book Legacy, Tower Rush, Olympian Legends and Bingo Star. This is participation in this event, not eligibility for every Betify promotion.

The event runs 2 November 2026 00:00:01 to 8 November 2026 23:59:59 UTC. The prize pool is 75,000 with the branded green pool icon. Minimum stake is €0.2. The display reads 6 D although the calendar interval covers nearly seven days. Snapshot countdown: 05 days 15 hours 16 minutes 58 seconds. The branded prize unit is not silently replaced with euros.

General bonus conditions and separate caps

The English version takes precedence. Sticky bonuses are tied to the real balance; withdrawal is unavailable while active and the active bonus cannot be cancelled. One bonus is allowed per person, family, address, email, IP, phone, account, card, wallet, payment account and device. Only one bonus or freespin offer may run at a time. The usual casino-bonus duration is 14 days with activation within 24 hours, subject to offer-specific differences. Welcome winnings cap: €250.

The maximum stake during an active casino bonus is €5. The same clause separately limits contribution to €15 for a real-balance stake and €5 for a bonus-balance stake. These are distinct conditions. Real funds are spent first, then bonus funds; general conditions direct winnings to the bonus balance. At a bonus balance ≤€0.09 the balance is cancelled, with other currencies converted using a third-party rate. Freespins are not automatically cancelled except at expiry; cancellation requires support.

Category	Wagering contribution
Slots	100%
Live casino / Game shows / Table games	5%
Aviator / Mini jeux / Spribe	100%
Video poker	5%
All Plinko	5%
Turbogames	5%

Tower Rush contribution remains offer-specific; category contribution is not substituted for its selected welcome conditions.

Purchased bonus money: maximum counted stake €15 real / €5 bonus; winnings belong to the balance used; duration ten days, activation 24 hours and wagering 1× bonus. Purchased freespins have €250 max win. One deposit does not combine promotions: €20 does not simultaneously grant ten Aviator spins and twenty Book of Dead FS. A promotional deposit must follow the mailing. Telegram is a one-time offer; the wording requires contact through email/live chat four hours after deposit. Weekend means Friday through Sunday 23:59. Germany, Austria, Finland and Brazil are excluded from the sports welcome freebet. Play with an active bonus does not count towards daily missions/trophies. Spribe mini-game freespin stake value is not included in winnings.

Minimal-risk play, bonus hunting, opposite bets and the listed abuses may lead to bonus/winnings cancellation, promotion restrictions and loyalty-point removal. The repeated-promotional-deposit clause preserves the original deposit and allows restriction review after extended ordinary play. A different confirmed-bonus-abuse clause calls its decision final; sanctions may extend across brands sharing a licence. These separate provisions retain their own scopes.

FS stake value is also 20 cents EUR/CAD/USD/BRL. One general release-cap line gives 50 EUR / 75 CAD / 54 USD / R$312 / 600 NOK / 215 PLN; the post-wagering cap says no more than 50 EUR / CAD / USD. Both sets keep their respective conditions. The 75 FS award has the €100 exception. These probabilities describe Betify's wheel, not Tower Rush.
