Polish operator and recorded interface

The Polish footer names BEM Operations Ltd. Its online mutual-betting permission is decision PS4.6831.11.2017 of 26 September 2018, originally for six years, extended by a 14 June 2024 decision for another six years from 5 October 2024. It excludes under-18 participation and carries gambling-risk and illegal-gambling notices. These are the recorded Polish sportsbook particulars, not permission for a different jurisdiction or a Tower Rush account test.

The interface labels sports betting, live, missions, card games and products; registration/login; title sponsorship and official UFC partnership; responsible play, rules, privacy/cookies and cookie settings. Display states include version 10.6.0-3, UTC+4, lobby/rules/results/home, live results, WAR, bet history and an empty slip. Single-click betting, total stake, possible winnings and place-bet controls are present. Separate live counts are 108, 109 and 110; they are snapshot counts.
