VIP Compliment: MELBET PREMIUM SIZE

The saved campaign dates are 26 November 2025 at 00:00 to 30 November 2027 at 23:59, UTC+3, subject to change and use of earlier records. Active S, M, L or XL status is required. Awards are gaming coupons rather than money or an unconditional cash claim; they are non-transferable and cannot be exchanged for alternative compensation.

Sporting activity measures personal attendance at sports events and health/fitness services in Russia. Movement measures personal taxi and car-sharing use in Russia. Responsibility measures insurance policies for personal cars in Russia. Sport and movement are assessed by calendar month, 00:00:00 on day one to 23:59:59 on the final day; the first period starts with the campaign. Responsibility uses the calendar year from 1 January, bounded by campaign dates. The original year-end sentence mechanically lists possible month-end dates 28/29/30/31 rather than specifying 31 December; this does not create four alternative annual periods.

Evidence and the complete VIP thresholds

Send supporting documents and account ID to priority@melbet.ru from the verified account email during the campaign. Sport and movement evidence may share one request. Only personal activity in Russia and the first request for each type in a period count; documents submitted for an earlier period are not reconsidered in a new one. The operator may request further evidence. Its stated deadline applies, or one calendar day from the emailed request if none is specified. Refusal can result in rejection of the prize.

VIP status	Settled accumulator volume / all forecast types, RUB coupon units
S	10,000,000 / 30,000,000
M	20,000,000 / 60,000,000
L	50,000,000 / 150,000,000
XL	150,000,000 / 450,000,000

Status is discretionary. Assignment or upgrade decisions are made from the 25th at 00:00:00 to the 31st at 23:59:59, UTC+3, using the previous 90 calendar days. Downgrade decisions fall on days 1–3 with the same time boundaries. Reassessment may use 90 days since assignment for XS/S/M/L, but 180 days for

XL; XS appears in this reassessment clause even though no XS entry threshold is given above. Notice may be sent, and pre-campaign records may be considered.

Three rewards and their use

At most one award of each type is available per relevant period. Active Freebet uses sporting activity and status, with a general ceiling of RUB 20,000. Drive Freebet uses movement and status, capped at RUB 15,000. Each is credited to a special bonus account and must fund one forecast within 168 hours. Subject to approval, only winnings minus the freebet move to the main account. Earlier active bonuses block use without pausing the expiry clock.

Save Bonus uses responsibility and status, up to RUB 15,000, credited to the main account. Before withdrawal as winnings, forecasts must total the credited bonus amount and each must have odds strictly greater than 1.1. Backgammon forecasts do not count. Failure may cause withdrawal refusal. Only uses permitted by the gambling rules are allowed, and the operator reserves additional conditions.

Every activity award band

Status and activity	Discretionary award if activity measure is at least 1
S: sporting	100% of measure, Active Freebet up to RUB 5,000
M: sporting	100%, Active Freebet up to RUB 10,000
L: sporting	100%, Active Freebet up to RUB 15,000
XL: sporting	100%, Active Freebet up to RUB 20,000
L: movement	100%, Drive Freebet up to RUB 10,000
XL: movement	100%, Drive Freebet up to RUB 15,000
L or XL: responsibility	100%, Save Bonus up to RUB 15,000

Sporting rewards require active S/M/L/XL status and evidence in the current sport period. Movement and responsibility require L/XL and evidence in their respective current periods. The operator chooses eligibility, award type, amount and whether to award at all. It decides eligibility within seven calendar days of the request and credits a prize within seven calendar days after recognising a winner. A rejection notice is optional. The saved terms deny a right to challenge refusal, permit age/registration/evidence verification where a breach is suspected, and treat website publication as notice of amendments.
