RPL Boredom Insurance: saved conditions

This separate Melbet Russia sports offer is recorded from 6 August 2026 at 15:00 to 30 May 2027 at 12:00, UTC+3. Registration and identification must be completed by campaign end. The operator may change dates or rules and consider earlier records. Participation is free, with written or another available opt-out. One award is allowed per recognition as a winner; the operator may recognise the same player repeatedly without a stated overall limit.

The freebet is a non-transferable gaming-coupon award, not money, property, currency, electronic money or an unconditional cash claim. Alternative compensation, recalculation or use cannot be demanded. The full freebet must fund one forecast within 120 hours of credit. It expires without compensation; a late forecast using it can be cancelled without compensation. After a winning forecast is accepted, winnings minus the freebet may move to the main account. Before that sum can be paid as winnings, an interactive stake of at least RUB 300 is required.

Other active bonuses block use without pausing this deadline. Eligibility and winner recognition remain discretionary, even after the player performs the stated actions. Violations or ineligibility may cancel the freebet or converted sum wholly or partly. Website publication constitutes amendment notice. The excerpt refers to qualifying actions in clause 6.3 but does not reproduce them or the award amount; those missing elements are not invented.

First Deposit Freebet: the two caps

Recorded campaign dates are 9 March 2026 at 12:00 to 30 November 2027 at 12:00, UTC+3, subject to alteration and use of earlier records. The eligibility fragment requires no interactive stake from registration until campaign start and no previous participation in Cyberbonus on First Deposit or Bonus on First Deposit. Recognition remains discretionary.

Recorded condition	Potential freebet
First interactive stake after registration/identification of at least RUB 1,000 during the campaign	50% of that stake, capped at 25,000 RUB coupon units
Same condition, with a valid promo code entered at registration	50%, capped at 30,000 RUB coupon units

The source uses the term interactive stake even though the campaign is titled First Deposit. Each code may have its own increased cap, but none can exceed the stated maximum. It permits any known valid, unexpired and uncancelled code in the registration promo-code field; no particular code is supplied. Clause 4.3 writes the numeral 25,000 with words meaning twenty-five, an internal wording mismatch. This reference preserves the numerical cap confirmed in clause 4.2.

The bonus-account freebet can be used only for the prescribed play-through, not as an ordinary forecast balance; misuse may cancel all or part without compensation. One forecast must use it within 168 hours. After a winning forecast is accepted, the successful settlement minus the freebet may move to the main account. An interactive stake of at least RUB 300 is required before payment as winnings. Earlier active bonuses block use while expiry continues. Violations or ineligibility may cancel the freebet or converted amount, and website publication gives notice of changes.

Grand Express: limited extracted information

Grand Express is recorded from 13 February 2023 at 18:00 to 31 January 2027 at 23:59, UTC+3, with dates subject to change. Registered, identified players may be recognised at the operator’s discretion. A bonus coefficient is an additional multiplier the operator may apply to a qualifying forecast. The extract supplies no multiplier table or complete qualifying-event conditions. Participation is free with opt-out; the operator can refuse without explanation, and its saved terms deny a right to contest or request review of eligibility decisions.
