Melbet Russia: merchandise, iPhone draw and settlement fragments

Tower Rush India | https://towerrushindi.com/en/casinos/

Lokomotiv-Kuban merchandise draw

The saved campaign dates are 25 June 2026 at 12:00 to 10 July 2026 at 12:00, UTC+3, subject to change and use of earlier records. A player must have made at least one interactive stake between registration and campaign start. The recorded entry action includes subscribing to the official Telegram channel. Full entry conditions are referenced rather than reproduced. A randomiser selects 55 places by 10 July 2026 at 13:00; one participant can receive at most one prize in the campaign.

A winner may be notified by 11 July 2026 at 23:59 through a method chosen by the operator. Dispatch is due by 31 October 2026 at 23:59, UTC+3, directly or through third parties. Account contact details are used to agree the method and time. Bad-faith conduct or inability to contact the winner within 24 hours allows refusal and replacement. Refusal, ignoring delivery or other avoidance can end the right to the gift without another delivery attempt. Prize size, specifications, appearance, shelf life and capabilities are set by the operator/manufacturer; unmet expectations are not grounds for a claim under the saved terms.

Tax and personal-data wording in that draw

The operator says it acts as tax agent and pays the required Russian personal-income tax from the monetary part of the prize. The saved wording states a 35% rate on the portion above RUB 4,000, citing Article 217(28), Article 224(2), and Article 226(1), (4), (5) of the Russian Tax Code. It may grant an additional monetary prize no greater than the tax withheld from the combined physical and monetary award. This records the offer’s tax clause and is not current personalised tax advice.

Where a breach is suspected, age and registration details can be checked. The processing clause names the operator, authorised parties and Sofit LLC, tax ID 3906297236, 7 Malaya Lesnaya Street, Kaliningrad, Kaliningrad Region 236009. It covers volunteered personal data, automated processing, prize delivery, enquiries, contact, SMS/email news, events, promotions, results, service messages and advertising, with reference to Federal Law No. 152-FZ.

European-league insurance and special settlement fragments

Boredom Insurance for European Leagues is recorded from 2 September 2026 at 15:00 to 6 June 2027 at 12:00, UTC+3, with rules/dates changeable and previous records usable. The next fragment describes a special forecast-settlement procedure from 6 August 2026 at 15:00 to 30 May 2027 at 12:00. Its stated trigger can let the operator settle a forecast as successful regardless of the match’s later development, but the trigger itself and clause 3.1(c) event definition are absent. These different dates and missing triggers are retained separately, not merged into one insurance rule.

New iPhone and Other Prizes draw: deadlines

Milestone	Recorded deadline, UTC+3
Campaign	24 September 2026 17:00–10 February 2027 23:59
Subscribe to official Telegram channel	10 December 2026 23:59 inclusive
Publish random selection and list	11 December 2026 23:59
Selected player requests eligibility verification	Within three calendar days of list publication
Publish a repeated selection, if used	Within one working day of that selection
Recognised winner supplies delivery information	Within one calendar day after winner notice
Dispatch prize	11 April 2027 23:59

There is at most one prize per participant. Selection by randomiser is followed by eligibility verification, so appearance on the initial list is not yet confirmation of a prize. A player who fails to request verification within three days or is ineligible loses the right to the award. Verification and delivery information go through the official Telegram channel. Bad faith, missing the delivery-information deadline or later ineligibility can lead to refusal and replacement. Specifications, appearance, shelf life and operating properties are determined by the operator/manufacturer, without a promise to match personal expectations. Dates/rules may change and earlier records may be considered.

Operator identification and repeated activity references

The source identifies Melbet as operating under Russian Federal Tax Service licences dated 7 November 2012, No. L027-00108-77/00395491, and 3 August 2021, No. L027-00108-77/00395496. These are the saved identifiers, not a fresh licence-status check. It repeats OSP = Sis − Sv − Sos − Sp, with Sis defined as interactive stakes and Sv as paid winnings, without filling the two remaining deductions in this slice.

The repeated VIP activity extract again names priority@melbet.ru, supporting documents, account ID and the verified account email. Sport requires S/M/L/XL; movement and responsibility require L/XL. These repetitions confirm the preceding activity volume rather than adding a second award. A final source note labels the referenced backgammon games professional competitions, organised by Professional Sports League LLC and the All-Russian Physical Culture and Sports Public Organisation Federation of Backgammon, with competition information at nards.club.
