Editorial ratings and the evidence behind them

A reproducible editorial score

OP-RATING-1 rates suitability within the recorded operator profile. It is not a safety certification, a live assessment of every website using a brand name, or a probability of winning. The calculation keeps payment, bonus, game, mobile, support and transparency criteria separate.

Criterion	Weight	Scoring rule
Payments	25%	Receipt under 15 minutes: 9; under 30: 8; under 60: 7; over an hour: 5. A fee subtracts 0.5.
Bonus	20%	A welcome with 0% Tower Rush contribution: 5; free spins without wagering: 6.
Game	20%	Recorded game-profile score: 8 for these ten profiles.
Mobile	15%	Mean cold opening below 4 s: 9; below 5 s: 8; otherwise: 7.
Support	10%	First substantive answer within 120 s: 9; otherwise: 8.
Transparency	10%	Detailed: 8; partial: 7; region-restricted 4rabet profile: 5.

All operator component scores

Column order below is payment / bonus / game / mobile / support / transparency. The final result is the weighted sum out of ten, rounded as recorded.

Operator	Six component scores	Weighted result
1Win	9 / 5 / 8 / 8 / 9 / 7	7.65/10

Operator	Six component scores	Weighted result
Stake	6.5 / 5 / 8 / 7 / 9 / 8	6.98/10
MyStake	8 / 5 / 8 / 7 / 9 / 8	7.35/10
1XBET	8 / 5 / 8 / 9 / 9 / 7	7.55/10
4rabet	7.5 / 5 / 8 / 8 / 9 / 5	7.08/10
Melbet	7 / 5 / 8 / 8 / 8 / 7	7.05/10
Parimatch	9 / 5 / 8 / 8 / 8 / 7	7.55/10
Crorebet	5 / 5 / 8 / 7 / 8 / 7	6.40/10
Betify	8 / 6 / 8 / 9 / 8 / 8	7.75/10
Betclic	6.5 / 5 / 8 / 8 / 8 / 7	6.93/10

Betify’s 7.75 historical profile score does not override the supplied prohibition on new registrations from India. A visible tournament or a previously recorded account is not present permission to register. The 4rabet availability limitation also remains part of its own profile.

TR-RATING-1: the original game

Criterion	Score / weight	Contribution
Clarity	8 / 30%	2.40
Controls	7 / 20%	1.40
Modes	8 / 15%	1.20
Stability	8 / 20%	1.60
Verifiability	5 / 15%	0.75
Total	100%	7.35 / 10

The stability component includes restoring the accepted round without a second debit. The verifiability component belongs to the recorded version and available cryptographic characteristics. A 7.35/10 editorial rating is not a 73.5% win chance.

Use the underlying records

The operator dossiers E01–E10 retain each episode’s currency, launch series, cash ledger, welcome conditions, deposit, withdrawal and first substantive support timing. A quick automatic acknowledgement is not the support-answer measurement. Individual experiences and calculated scores should remain labelled as such; this table is not a collection of invented customer testimonials.
